TIME flies when you're havin' fun

The 1995-96 school year flew by as students participated in many of PJ's ACTIVITIES. Their journey through time progressed as they took part in football, cheerleading, IDEAS, and band, just to name a few.

The highlight of the year was the homecoming coronation. The queen and her court looked positively magnificent when presented to the student body at the homecoming game. The cheerleaders and the Pride of PJ band provided a great amount of support and school spirit for the players, helping them rise to the occasion in their many victories.

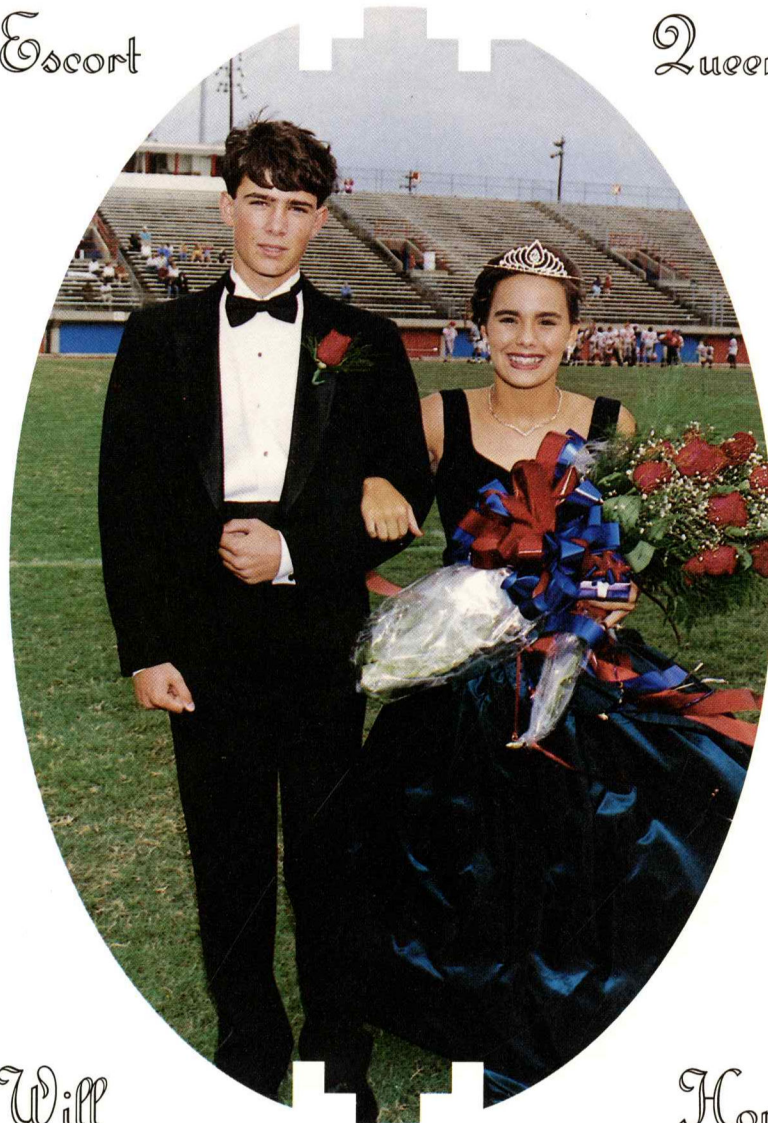

The members of the *Panther Paw* annual staff have worked to prove that time truly flies when you're having fun by picturing ACTIVITIES of time-less fun.

For the past 50 years, ACTIVITIES have been the center of student life at Pascagoula Junior High. This year's ACTIVITIES give special meaning to the word "spirit," continuing the proud tradition.

With the help of gale force winds, the Panthers broke through the spirit banner to kick off homecoming '95.

This year's homecoming football game was played on Saturday, October 14, at War Memorial Stadium. The PJ Panthers battled the Colmer Cougars and finally came away with a 34 to 14 victory.

One highlight of the day was the presentation of the Pride Court and the crowning of Hope Wright as the 1995 homecoming queen.

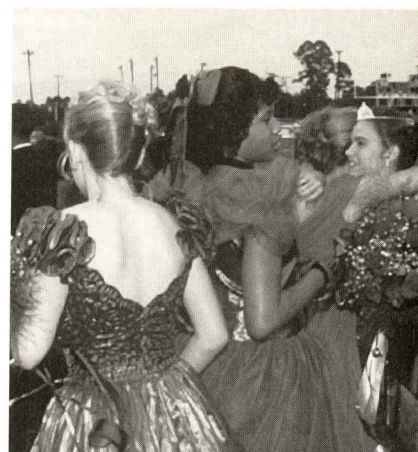

Following the game, members of the student body gathered on the field to wave a fond farewell to the proud PJ homecoming tradition.

As a perfect end to this very special day, the students returned to the school campus that evening and enjoyed the traditional homecoming dance which was sponsored by the school's PTSA.

A time to remember

The *Panther Paw* staff would like to pay a special tribute to Mr. Kenneth Baker, the principal at Pascagoula Junior High School. Mr. Baker has been the school's principal for the past twenty-four years, and before this he served as assistant principal at PJ for one year. Mr. Baker will be retiring and leaving PJ at the end of this school year.

Mr. Baker has been a very special person to all who have met and worked with him. The students and the teachers will miss him but hope that his retirement years will be filled with many good times spent with his family and friends.

Dedication

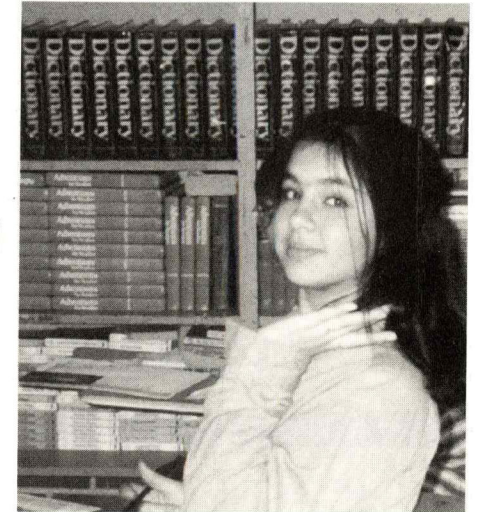

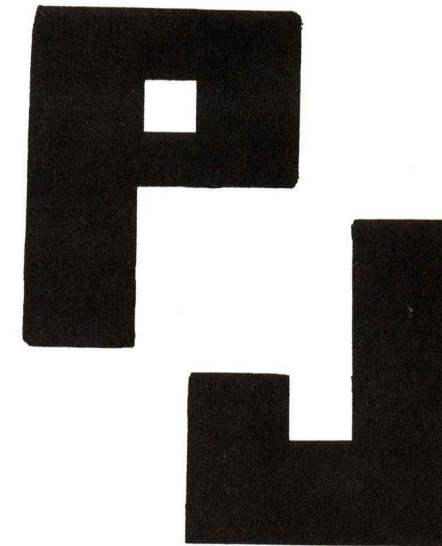

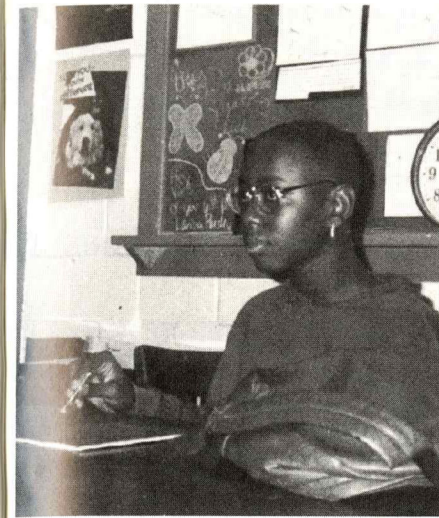

In celebration of Pascagoula Junior High School's fiftieth anniversary, the twenty-ninth edition of the *Panther Paw* annual is dedicated to all of the students who have spent their junior high years at PJ.

These students have created a special environment that has given PJ its unique life and spirit. Although the styles and interests have changed over the last fifty years, the level of student participation in sports, clubs, and other extra-curricular activities has remained strong and constant.

The students who participated in these activities are the ones who show others that PJ is the best! They have shown a special pride which helps the faculty and students work together and grow as the journey through time has begun with each new school year.

Let the good times roll . . .

The clubs' activities were a very big part of the good times students have enjoyed this year at Pascagoula Junior High School. Members of Teen Connection sponsored "Red Ribbon Week" to make students more aware of the dangers of drug and alcohol abuse. Beta Club and Student Council members participated in the "Adopt an Angel" program to help make Christmas special for several local children. In the weekly meetings, members of the Fellowship of Christian Athletes enjoyed many inspirational guest speakers. Students in Tri-M carried out a successful "Turkey-gram" promotion at Thanksgiving. The Peer Helpers helped with the annual "Seventh Grade Day" activities. In these activities, the students and sponsors worked hard to help make "the good times roll" at PJ.

I've really enjoyed working with Tri-M. As a group, we were able to see several concerts, including the St. Petersburg Symphony. I would like to thank all of the members for dedicating time to help with rehearsals, concerts, and the art festival. Ms. Steen

Tri-M is a music honor society that began to strengthen PJ's music program. Tri-M was started to inspire and challenge students of the junior high level and give recognition to them for their musical achievements. Tri-M works to ensure that every student has access and exposure to a balanced, comprehensive, and high-quality program of music instruction. Tri-M tries to increase student and school involvement in music. This year Tri-M welcomed many new students and a new sponsor, Mrs. Turner.

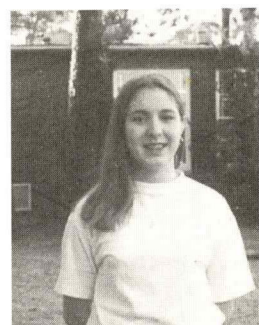

Many of these Tri-M students are talented musicians, and some just enjoy listening to music. Some are very dedicated choral students who really make a difference in our junior high music program. Ms. Turner

A moment in the spotlight . . .

Many students had a "moment in the spotlight" this year *Who's Who* elections. Several students were nominated in each year sorter group for the different categories, but only a few made it to the school-wide ballots.

The members of the student body voted for the boys and girls of their choice in the different categories, *Friendliest*, *Cutest*, *Most Polite*, class favorites, just to name a few. Of course, the teachers had their nominations for a category as well. Two students from the freshman class were chosen as *Most Outstanding*, Jonathan Strickler and Erin Sims.

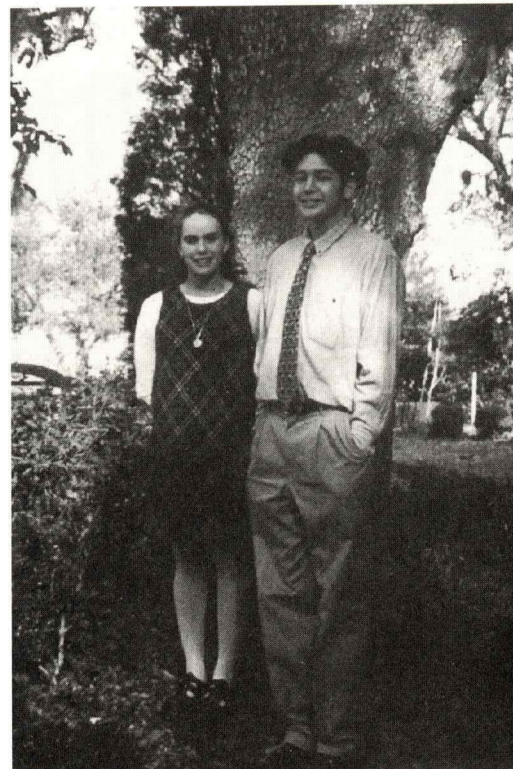

Perhaps the most important category in the *Who's Who* election is that of *Mr. and Miss PJHS*. Hunter Higdon and Kristin Baber were chosen to fill these two prestigious positions for 1996. The students were well represented this year by these outstanding *Who's Who* winners. They have truly earned a very special "moment in the spotlight."

A TIME honored tradition . . .

With these few words, this year's staff would like to pay tribute and show gratitude to the dedicated staff, teachers, and administrators who have supported and encouraged the students who have journeyed through Pascagoula Junior High School.

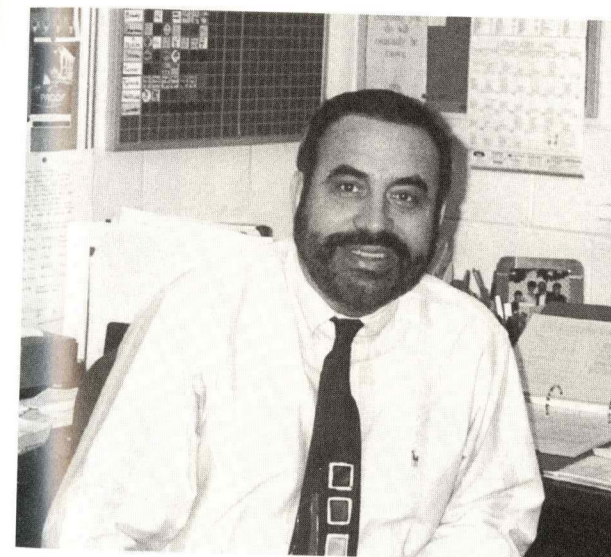

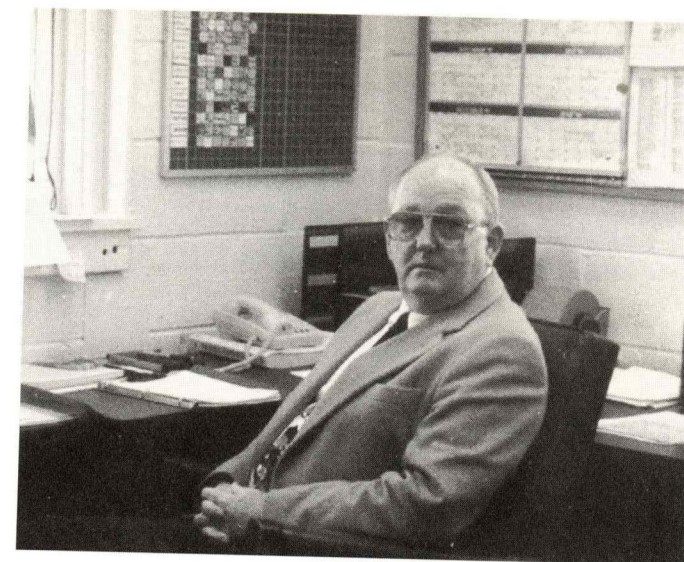

*We'd like to share some words with you,
That come straight from the heart.
We'd like to thank you all
For doing more than your part.
You've always been there for us
When we needed you the most.
You've done so many things for us,
But you never once did boast.
We never really liked it
When you gave us all those tests,
But there's obviously no question:
PJ teachers are the best!*
